Just idle for achievements. Great game free achievements. Okay, so I know this is suppose to be a dumb little meme game, you know to fill out your account to make it seem like you actually did something but... I actually enjoyed this trash, if you just put on some music and grind mindlessly to your hearts content i becomes almost theraputic in some weird way... hehe... The characters are brilliantly named after there traits, you take no damage from these garbage enemies and talk to absoluley rubbish people.... You get what you paid for, 5K achievements at minimum price. If you\u2019re an achievement hunter looking to increase the number of achievements on your profile showcase, then I highly recommend buying this. Else don\u2019t waste your money. This is not a game, it\u2019s just a way of distributing achievements.
